

## CONNECT / CREATE / COMMERCIALIZE

MAY 25, 2023

What an exciting month May has been!

401 Tech Bridge hosted colleagues from the University of Hawai'i and University of Alaska-Fairbanks to kick-off our RISE-UP program, welcomed a couple of new team members and our new Providence and Middletown Lab Spaces have welcomed their first of many guests.

It has been a fun-filled, motivating month with much, much more to come! We look forward to you joining us at upcoming events.

— **Linda Larsen**

## Recap: 401 Tech Bridge in DC

Members of the 401 Tech Bridge team had the privilege of traveling to Washington, DC this month to meet with members of our Rhode Island congressional delegation and national agencies to discuss the future of the Entrepreneurship and Innovation in Rhode Island and throughout the country. The trip brought together colleagues and fellow RISE-UP grant recipients from the University of Hawai'i and the University of Alaska - Fairbanks.

- We're looking forward to future program developments and ongoing collaborations.

401 Tech Bridge has a new tech scouting opportunity available for Interoperable Monitoring with specific criteria and requirements. This is an exciting business opportunity to gain exposure to a new potential audience and further refine your product and technology.

The 401 Tech Bridge Tech Scouting program is a civilian-driven, non-government interface between the Naval Undersea Warfare Center (NUWC) and its Tech Bridge network, and 401 Tech Bridge's nation-wide networks of innovators, entrepreneurs, startups, and tech resources.

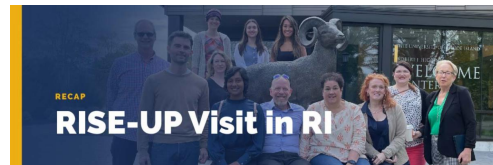

Click below to read about the opportunity including the evaluation of technical quality and tasking.
